

Minutes of the Consultation Meeting of Ashton Neighbourhood Plan Steering Group held at The Old Crown Pub, Ashton

Date : 31st October 2017 **Time** 6.30pm - 8:00pm

Held by: J. Roychoudhury and A. Beber

Consultees: Robert Shadforth, Oliver Shadforth, Chris Penn, Yvonne Hardman, Ian White, Dom Hardman.

Several residents were consulted and their views are expressed below:

Too many street lamps and light pollution.

Do not install traffic calming or road humps or traffic lights, but could have a pedestrian zone near the school, and shared space along Stoke Road to slow down cars, instead.

Concern over extra traffic from Roade.

Any development should be in keeping with the village.

Need more businesses in Ashton to reduce need for travel.

Protect community spirit, Rugby Club and church.

Need more affordable housing for local residents, which benefits the school.

Protect the village. It was a shame when the shop shut.

Prevent expansion of village.
